FLOOR DEBATE

March 18, 2004 LB 1089

SENATOR BOURNE: If all these things come true, I mean, this number could be approaching \$400 million, \$500 million deficit in the outlying years.

SENATOR WEHRBEIN: Yes. I'd...

SENATOR BOURNE: And that's...

SENATOR WEHRBEIN: ...like to rebut that but it's your time.

SENATOR BOURNE: No, I understand. And I'm not...I'm just trying to illustrate that...and I'm not criticizing the Appropriations Committee at all.

SENATOR SCHIMEK: One minute.

SENATOR BOURNE: I do think that, you know, we need to be aware that, even though that's \$194 million in the outlying years, it could be significantly worse. If we don't do the \$1.10, and I'm not advocating that we do it, I'm saying if we don't do that, add \$100 million, if our actual revenue growth is only around 3 percent, when we're projecting 7 percent, you can add another \$140 million there. I mean, you know, we're all of a sudden, if the worst case scenario happens, that number in the outlying years, 2006-2007, could be \$400 million, \$500 million. And Senator Wehrbein, I want to ask you one other quick question as it relates to the Cash Reserve Fund. And I'm concerned with how much money we've taken out of the Cash Reserve Fund, and I know we did that in lieu of cuts, and I understand that, but the Revenue Committee proposed to transfer \$104 million to the General Fund. Was that fund left whole until the Forecasting Board reduce revenue projections by \$104 million,...

SENATOR SCHIMEK: Time.

SENATOR BOURNE: ...or is that just coincidental?

SENATOR SCHIMEK: Thank you, Senator Bourne. Next speaker is Senator Tyson. Senator Tyson. Senator Tyson waives. Senator Beutler, you are the next in line to speak.
